CODE CHARGES FILED AGAINST COUNTY WOMEN

Three charges, one of speeding and two of stop sign violations, were filed by borough police today against Mrs. Nettie Myers, Hampton, although police said Mrs. Myers was not the driver of the automobile involved.

A ten-day notice was sent by Justice of the Peace John H. Baschore to Mrs. Myers as the registered owner of the automobile. The driver, believed to be another member of her family, was not apprehended, but police obtained the license number and filed the charges on this prima facie evidence.

Charge Speeding
They charged that a car registered in Mrs. Myers' name ran through stop signs at York and Hanover streets and South Washington street and Steinwehr avenue, and that it was driven 65 miles an hour on South Washington street on April 23.

A ten-day notice was also sent by Squire Baschore to Mrs. Lillie Richardson, Gettysburg R. 3, on a reckless driving charge filed by borough police. Police charged that Mrs. Richardson parked double in back of the taxi stand on Lincoln Square at 12:30 o'clock Monday morning, then drove away so fast that her wheels spun, cut off traffic entering the square from Chambersburg street and passed another automobile on the crosswalk at the square and Baltimore street.

HANOVER DRIVER IS ACQUITTED IN COURT TUESDAY

Charles E. Millheim, Hanover, was found innocent of a charge of failure to yield one-half of the highway following a hearing in Adams county court Tuesday afternoon.

Millheim was driving an automobile owned by A. R. Hostetter, Hanover, at the time of an accident February 15, in Conewago township, according to the testimony in the case. Millheim said his vision was obscured by smoke coming across the highway and that he stopped and then started to proceed at about two or three miles an hour when the car was struck by a truck driven by Warren J. Hoover, of McSherrystown, and owned by D. K. Hershey, Hanover.

College To Give "Comprehensives"

Eligibility for graduation from Gettysburg college will be determined by a series of comprehensive examinations which will be given to seniors from April 30 to May 4.

These tests, according to Dean W. E. Tilberg, will check on information absorbed in the student's major subject during the required four years of academic work at Gettysburg. Students who fail to meet with the approval of the examining board will be refused certification of graduation. Such failures will necessitate additional work in the student's preferred major field.

This marks the second attempt in the revival of senior comprehensives at Gettysburg college. A similar examination was conducted in 1941.

PUSH PROBE IN SLOAT DEATH

Death of 71-year-old Harvey W. Sloat was attributed Tuesday to a heart attack, but authorities still had not determined how his body got into Codorus creek, York.

York County Coroner Lester J. Sell announced the cause of death after receiving a report on an autopsy performed by Dr. Lewis C. Pusch, York hospital pathologist, late Monday.

Dr. Pusch reported there was no evidence of injury and no water in Sloat's lungs. He said he believed Sloat had been dead three or four days when he was found in the creek Monday afternoon at the foot of Green street, York.

Detective Edward H. Pinkerton is in charge of the police investigation which will attempt to learn how the body got into the creek.

Sell said there is a possibility that an inquest will be held. This, he said, will be decided after he confers with the district attorney and city police.

Sloat, who resided at 240 West Market street, York, was an employee of the York city park department for about 25 years, Park Director Herbert P. Anderson said. He left park department employ last December when park work was completed for the winter.

The Adams county Red Cross today announced that it was within \$1,483 of its goal of \$14,000; that it will add the Interfraternity council of Gettysburg college in its plans for a blood donor project here in May, and that present indications are that the Adams county blood donor program will be started late this summer or early fall.

Contributions of \$470.76 from York Springs where Preston Zerbe is chairman, plus an additional \$30 from the seminary, brought the amount obtained by the Red Cross in its current campaign for funds to \$12,517, just \$1,483 short of its goal.

The Red Cross again appealed to persons who may wish to make additional contributions to send them to the Red Cross office on Baltimore street, and urged those who were not seen by canvassers to also send in their contributions. AP Chief Of Bureau In Prague Has Been Missing Since Monday

London, April 25 (AP)—William N. Oatis, Associated Press Chief of Bureau at Prague, has been missing since Monday and efforts to trace him have been fruitless.

The United States embassy at Prague told the London office of the Associated Press by phone today that it had asked the Czech foreign office to help locate him.

Oatis, 36, is from Marion, Ind. He was first employed by the AP in 1937 and after working in the Indianapolis, New York and London offices, went to Prague last June.

One of two Czech employees remaining in the AP Prague bureau reported by telephone that Oatis had not returned after leaving his office Monday afternoon and that inquiries at his hotel brought only the reply that "Mr. Oatis is not here."

A telephone call to the Prague hotel from Frankfurt brought the same reply.

One of Oatis' American colleagues in Prague said he was last seen going to an appointment with Rudolf Popper, foreign press chief in the Czechoslovak Ministry of Information.

Tokyo, April 25 (AP)—Communist troop masses crushed forward along the entire western half of a 100-mile battle front today in their third invasion of South Korea.

But to the east, counter-attacking Allied tank columns stopped the Reds in their tracks and even hurled them back at some points.

On the west central front, United Nations forces pulled back abruptly and broke contact with the Reds. The withdrawal was so rapid some rear elements were trapped.

One was ambushed by Communists wearing white civilian garb or the blue denim uniforms of South Korean supply bearers.

Refugees Leave Seoul

In the extreme west, Allies fell back in orderly fashion before swarms of Chinese, exploiting their Imjin river crossing. They were less than 25 miles north of Seoul, South Korean capital out of which refugees poured in dust-clouded columns.

A tank-led relief column fought its way to a trapped U.N. battalion south of Imjin.

Some U.N. forces counter-attacked as Lt. Gen. James A. Van Fleet, Eighth Army commander, told his troops, "in three days of battle (you) have proven your superiority" over the 400,000 attacking Reds.

The bulk of the Chinese in the west were pouring down the Yongchon-Uijongbu invasion route. This highway also leads to Seoul. Allied fighter planes and bombers attacked them all day long.

The most abrupt U.N. pullback was to the east of this road, in the west-central sector.

The ambush by the disguised Reds was sprung during this withdrawal, just east of the Kumhwa-Uijongbu road. Allied artillery and warplanes cup up the Reds. But field dispatches said at least three Chinese divisions were streaming southward.

AP Correspondent John Randolph reported the Reds made no frontal attack on the west central front. The only sound of battle came from Allied artillery and the roar of airplanes.

Allied reinforcements and counter-attacks plugged the hole on the central front. An estimated 100,000 Chinese, including big strapping fellows from the Manchurian plains, were halted seven miles south of 38.

A heavy Allied counter-attack smashed into Reds pouring down the main road toward Chunchon. A fierce battle began early in the morning and still raged in mid-afternoon.

Abandon Hwachon

Southwest of abandoned Hwachon, U.N. artillery blasted a path for a counter-attacking column. Allies who pulled back from the reservoir city wheeled and hit the Reds on the flank.

INTERSTATE OPENS TONIGHT

Philadelphia, April 25 (AP)—Four managers make their Interstate league debut tonight as the Class B circuit opens its 13th season.

And a fifth manager is returning to the loop after previously piloting two other clubs.

The new managers are Whitey Kuroski, former St. Louis Cardinals star third baseman, at Allentown; Charley Fox at Sunbury; Danny Carnevale at Wilmington and Joe Bowman at York.

Bunny Griffiths, formerly pilot at York and Hagerstown, will direct the Salisbury, Md., Athletics—the only new club in the circuit. Salisbury, long a strong hold in the defunct Eastern Shore league, replaces Trenton, N. J.

The opening night schedule: Hagerstown at Lancaster, Wilmington at Harrisburg, York at Allentown and Salisbury at Sunbury.

Every club will be practically a new aggregation. In fact, only one of the starting pitchers was in the league last year. He is Bill Peters, who won six and dropped nine for the Lancaster Red Roses in 1950.

The veteran righthander will be opposed by Jerry Levinson, former Boston college hurler who failed to win a game while dropping two games in an abbreviated season with Denver of the Western association last year.

Wilmington's Blue Rocks, 1950 pennant and playoff winners, will lead with 11-12 record with Terre Haute, Ind. His Harrisburg opponent will be Brooks Lawrence, a 11-9 performer in the New England circuit last season. Earl Davis, inactive last season, will go for York against Doug Clark of Allentown. Clark compiled an impressive 27-6 record with Elizabethtown, Tenn.

Boiling Springs kept alive its title hopes in the Adams county league by defeating the York Springs high nine 6-3 under the lights on the Bubbler's field Tuesday evening.

York Springs out hit its opponents 8-7 but came up with seven costly misuses.

New Oxford pulled its league record to 5-0 by upsetting East Berlin 7-4 on the New Oxford diamond. The winners pilfered nine bases to greatly aid in the scoring. Luca-baugh pounded out three hits for East Berlin, including a double and triple. Odd features of the game were that no putouts were made by East Berlin first basemen and no assists credited to East Berlin.

Newville scored its first league victory by blasting Littlestown at Newville 14-5. The winners piled up seven runs in the first inning and added four more in the third to assure victory. Littlestown tallied four runs in the fourth and added its last in the fifth inning. The Thunderbolts were held to five safeties by Mowery while Newville belted 14.

Couple Married At St. Francis

Rectory: Miss Emma Grimes, daughter of Mr. and Mrs. Joseph Grimes, York Springs, and Jacob Yingling, son of Mr. and Mrs. Matthew Yingling, West Middle street, were married Saturday evening at 9 o'clock at the rectory of St. Francis Xavier Catholic church, by the Rev. Father Mark E. Stock.

Mr. and Mrs. John Bowling were the attendants.

It was the fourth fraternity group organized at Gettysburg college, the three in existence before 1875 having been Phi Kappa Psi, Phi Gamma Delta and Sigma Chi.

New Restaurant Is Opened: With a capacity for 61 diners, Thompson's restaurant was opened Saturday morning in the remodeled G. R. Thompson building, Carlisle street.

G. R. Thompson was engaged in the feed, lumber and coal business on Carlisle street. That business has since been taken over by Mr. Thompson's two sons, Robert and Earl Thompson.

Bender Forced Out Of Relays: "Piney" Bender, Gettysburg's contribution to the Penn-Relay Decathlon, was forced out of the battle, after three events, on Franklin field, Friday, suffering from injuries to his back, a year old ailment, induced at the last Penn relays.

Bender was counted upon to score heavily in the decathlon events and was Gettysburg's premier bid for the honors.

Roman Empire Day Of Triumph For Mussolini: Rome, April 22—For the first time since the horde of Norman invaders crushed its world power, well over 1,000 years ago, Rome celebrated its birthday Wednesday as the capital of a "modern Roman empire." There was an intense fervor apparent in the ceremonies, announcing to the world that the Italian people are imbued with faith in the twentieth century resurrection of the power and glory which were Rome's when she was mistress of a large part of the globe.

Underlying every one of the ceremonies, which took place in every city and town in the nation, was a message of allegiance to Mussolini as the source of the new Italy's spirit and the protagonist of the

TRUSTABLE FOLKS

After reading one's newspaper and noting the large number of people who disregard all rules of honor, responsibility, and decency our regard of trustable folks mounts to a new high. They are the only people we want around us. They give to us hope and assurance.

What a joy it is to do business with those who honor their obligations, appointments and the trust that other people place in them. It's such a paying proposition—this thing of making oneself always trustworthy—that it seems so strange it is not universal. Among people it is difficult to understand, but it is more difficult to understand why there are nations that shirk their responsibilities of honor.

Now there are any number of people who are thoroughly trustable in every way, and they are the ones to tie to and keep for associates, companions, and friends. I once knew a chap who was so dependable they called him "Dependable Jim," and another honor name he had earned was "The Town Pump." You see everyone knew whom to consult in times of trouble. Everybody used him, the same as anyone would use the Town Pump.

Trustable folks do not always get the credit they deserve, but that should never worry them. They are forever banking good will and enlarging their influence. And so often they finally loom among the bright stars of their generation.

It's such a comfortable feeling to have when you know people put their trust in you, that they love you and you love them, and that neither they nor you would violate such confidence. If all the nations of this earth were trustable there would be no fear of war and the sweat of people's brows would not be stolen, to be taxed to pay for such tragic business.

That old adage "Honesty is the best policy" hasn't even had its edges worn. Not only is it still the best policy but the only one worth while. If you can't trust a person you don't want him around, and if he can't trust you he doesn't want you around. Trustable folks are the cream of mankind!

Tomorrow Mr. Adams will talk on the subject: "One Increasing Purpose."

NICE TYRANT
Talk of tyrants! One I know
Rules without a firing wall,
But no mercy will he show,
Slaves he holds us, one and all.
Pure American is he!
Neither Russian nor Chinese
More tyrannical can be.
All obey as he decrees.

Moscow's mustached Uncle Joe
Orders rebels put to death.
But the tyrant that we know
Merely runs us out of breath.
Everyone his summons heeds.
All he frightens when he frets.
Every thing he thinks he needs,
Wise or no, he always gets.

Terrifying now and then
Is the way that he behaves.
Home his kingdom (truth I pen)—
He a tyrant; we the slaves.
Still we love him and are glad
Subject to his will to be.
Serving such a little lad
Makes it glorious tyranny.

ALLIED VICTORY IN KOREA COULD RESULT IN PEACE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

It is too early to assay the potentialities of the massive Red offensive launched Sunday night in Korea, but apparently it's a major effort aimed at driving the U.N. forces from the peninsula—or dying in the attempt.

Lt. Gen. Matthew B. Ridgway, who succeeded General MacArthur in command, declared that this great battle might well prove decisive. That is, it may be the big showdown.

Much of the terrific weight of 400,000 foot soldiers flung against the Allied lines came from Chinese Communists. An estimated 300,000 more Chinese and North Koreans were held in reserve for reinforcements.

Thus to all intents Red China and the United Nations forces were at war. Technically, however, the well trained masses of Chinese soldiery were "volunteers" who were rushing to the aid of their stricken Red brothers in Korea.

Faint Ray Of Hope

So this is just another phase of the war of aggression against South Korea. U.N. circles are hoping that the Allied high command is right in believing that this human landslide can be stemmed. They hope that if Ridgway can hold the Reds, then maybe the Chinese will be ready to talk peace.

Behind Red China is the impulse and guidance of Moscow. This is just another shrewd move on the part of Russia to bleed America and the other Western Allies all possible in Asia by using satellite force. It's a part of the Bolshevik program of whittling the western powers down to size where the Soviet Union can handle them.

This is, of course, a direct assault by Red China. The U.N. forces are half way down the Korean peninsula near the 38th Parallel, nowhere near the Manchurian border. There has been no U.N. challenge to Manchurian territory.

Do Reds Want War?
Is Moscow-inspired Red China deliberately inviting trouble with America and her allies?

That could well be. Premier Stalin would give his right arm to see the United States involved in war with continental China while Russia sat on the side lines conserving her strength for eventualities.

Observers generally hold that should the United States allow herself to be drawn into such a conflict, it would be a direct invitation to World War III.

Thus far in the current offensive the Reds haven't displayed great strength in air power, tanks or artillery. The United Nations, while outnumbered in ground forces, still dominate both sea and air, and have greater fire power.

It has been massed Communist infantry against U.N. mechanized defense. As might be expected, reports from the U.N. front indicate that the Red losses have been heavy—running from ten to twenty times those of the defending Allies.

And that hurts, because while China has a vast reservoir of manpower, she is worried over her terrible losses in Korea.

RATE BOOST FOR GAS IN EFFECT

Harrisburg, April 25 (AP) — \$350,000 annual boost in manufactured gas rates goes into effect April 30 for 39,440 customers of the Pennsylvania Power and Light company in six counties.

The Public Utility commission announced its approval of the boost and gave this breakdown by area for the increases:

Wilkes-Barre, 14,321 customers, \$129.910; Williamsport, 11,979 customers, \$119.602; Shamokin, 3,606 customers, \$27.041; Bloomsburg, 2,517 customers, \$15.886; Susquehanna area (Muncy, Montoursville, Monticommey, Selinsgrove, Shamokin Dam and Sunbury), 7,017 customers, \$57.951.

Rates for all classes of customers are changed from a cubic foot of gas to a decitherm. The decitherm is equal to 10,000 British thermal units. The BTU measurement is enough power to lift one pound one foot. The power company said the increases were necessary to offset higher wages and increased operating costs.

Ask Defeat of 3 Loyalty Oath Bills

Pittsburgh, April 25 (AP)—Carnegie Tech professors want the Pennsylvania Legislature to defeat three bills dealing with loyalty oaths and subversive activities.

In a resolution, the Carnegie Tech chapter of American Association of University Professors said loyalty oaths do not disclose disloyalty since disloyal persons will not stop at perjury themselves.

The chapter said the terminology of the bills is open to such broad interpretation that it may be dangerous for a teacher to discuss policies contrary to those of the present or of future government officeholders.

The bills would require, among other things, loyalty oaths by employees of state-aided colleges and schools.

ing and to aid other members to the general interest of all members."

Fix 4 Classifications
The number of retail groups within the organization was reduced to four classifications of business, food stores making up one, service stations and garages another, clothing, furnishing and shoes a third, and allied business such as banking and printing, a fourth. Other members of the by-laws committee were Mares Sherman and Curtis Flohr.

The holidays on which most stores will close were designated as Memorial Day, Fourth of July, Labor Day, Thanksgiving, Christmas and New Year's. The schedule had previously been adopted by the food store division of the association. Regular store hours will be observed the day preceding the holiday.

President Bender announced that no action will be taken now on Thursday afternoon or other weekly afternoon closings.

Paul Evans reported on last week's meeting of the food store division, and Jacob Applier on a meeting, also held last week, of service stations and garages.

A committee will be appointed by President Bender to study parking problems and report on facilities available for additional free parking lots or better utilization of existing lots. A suggestion for the appointment of a publicity committee was held over until the next meeting.

The suggestion that an information booth be erected in Lincoln Square was made by John D. Lippy, Jr., and was backed by several other members of the association, who reported on experiences with information booths in other towns they had visited.

GOP CALLS FOR BOMBING OF RED CHINESE BASES

By JACK BELL
Washington, April 25 (AP)—Republicans called today for the bombing of Red China bases. Democrats questioned a report that Lt. Gen. Matthew B. Ridgway had urged use of Chinese Nationalist troops in battle.

Hot argument over the conflicting views of President Truman and Gen. Douglas MacArthur on how to fight the Korean war hit a new peak in Congress as a Communist offensive smashed at Allied lines some 10,000 miles away.

In the oratorical infighting here, Senator Wiley (R-Wis.) proposed that the United Nations be asked to approve aerial attacks on the Manchuria base "sanctuaries" about which MacArthur complained before Mr. Truman fired him as Pacific commander.

Bradley Backing Truman
Senator Hickenlooper (R-Iowa) asserted that if the U.N. "ever is to be victorious in Korea," Chinese Nationalist troops from Formosa must be used in the battle against the Communist foe.

MacArthur has urged the use of Nationalist troops, air operations over Manchuria and blockade of the China coast. He told Congress it was his understanding that top military men—including the Chiefs of Staff—had shared his views in the past, from a military standpoint.

Gen. Omar N. Bradley, chairman of the Joint Chiefs, has made it clear, however, he agrees with Mr. Truman such measures for expansion of the Korean fighting might lead to World War III.

Maj. Gen. Courtney Whitney, MacArthur's chief adviser, tossed some flaming gasoline on this controversy. At a news conference in New York yesterday he said Ridgway had proposed to the Pentagon that Chinese troops from Formosa be sent into battle.

Whitney said Ridgway, who succeeded MacArthur in the Pacific commands, made this proposal "after analyzing the situation," evidently shortly after he took over field command in Korea.

Whitney quoted Ridgway as saying the Nationalists were needed to support his troops' military position, leaving unclear whether they might be sent into battle in Korea or on the mainland.

Whitney said all senior officers in the Republican Policy committee,

On the issue of Chiang's troops, Senator Kerr (D-Okla.), No. 1 MacArthur critic in Congress, told reporters: "I'm not chasing rumors from Maj. Gen. Courtney Whitney. MacArthur was the man who wanted to expand the war. MacArthur was the man released from his command for insubordination and refusal to comply with orders. Let him speak before the Senate committee where he can tell his whole story and be cross-examined."

The Senate armed services and probably the foreign relations committees have arranged to hear MacArthur May 3 at the start of an over-all inquiry into American military and foreign policies in Asia.

Spring Fever Nearly Cost Swan His Life

Yakima, Wash., April 25 (AP)—Apollo, a memorial park swan named for the Greek mythological god of manly youth, got a case of 20th century spring fever yesterday, flew too high and blew out a fuse in a high power line.

Despite clipped wings, Apollo celebrated his release from a winter pen with a warm afternoon flight. His gaze wandered to a flirting wild duck, and Apollo rammed top speed into the high tension wire.

Blue flashes split the air and Apollo fell to the roadway in a dead faint. If John Spencer hadn't seen the whole affair, rushed over and administered artificial respiration, Apollo today would be floating on high with his mythological ancestors.

Except for a few smoky spots on his white coat and a tremendous thirst, the adventuresome swan is all right today.

PROPOSED FUEL TAXES SEEMED DOOMED TO DIE

Harrisburg, April 25 (AP)—A series of proposed new taxes on fuel oil, anthracite coal and natural gas were apparently headed for the General Assembly's waste basket today.

Top House leaders indicated no action will be taken on any of the proposed new levies.

They would impose a three-cent a ton tax on anthracite coal mined in Pennsylvania, a one-cent a gallon levy on fuel oil and a tax of seven cents a thousand cubic feet on natural gas.

"These proposals are entirely too controversial and would cause undue hardship on some consumers," commented a Republican House leader who predicted their death.

Under Study Now
The bills are under study in the House Ways and Means committee headed by Rep. Wrayburn Hall (R-Potter).

The three proposed fuel taxes have an interlocking purpose—to improve the competitive position of king coal, according to one of the sponsors.

The fuel tax bill was sponsored by Reps. James Musto (R-Luzerne); Edward Dunn (D-Northumberland); and Leo A. Filip (D-Luzerne). Musto and Filip also sponsored the proposed anthracite tax, while Reps. Vincent F. Gutendorn and John J. Mikula, both Luzerne county Republicans, authored natural gas tax proposal.

Musto has said the fuel oil and natural gas tax bills are companion to the third measure to levy a three-cent a ton impost on anthracite. Revenue from the latter tax would be used to create a special fund for paying off claims for damages created by surface subsidences in mining areas.

DST Starts Sunday In 105 Communities In Pa.

Harrisburg, April 25 (AP)—Daylight saving time starts in Pennsylvania at 12:01 a.m. next Sunday. More than 105 communities then will turn their clocks ahead one hour.

But the commonwealth will not officially put the system into effect. A law passed in 1883 prevents that, although attempts have been made to repeal it.

State employees and legislators have used the method of reporting for work an hour earlier and leaving an hour earlier in order to keep up with the layman who abides by the DST clock.

In case you're wondering how DST operates, it's really simple: If you live in a community which observes daylight saving time, on Saturday night turn the clock ahead one hour.

When the time comes for daylight saving time to end move the clock back one hour.

The usual number of hitches may be expected with the changeover.

Over sleepers who forget to advance the time, mixups in transportation schedules and broken appointments are certain to be among them.

Last Try In 1947

The last legislative attempt to get the commonwealth officially to acknowledge daylight saving time was in 1947.

A bill was introduced then to allow the people to vote in a referendum on whether DST should be statewide or confined to local communities.

After a scorching debate and long behind-the-scenes maneuvering, the bill passed the House of Representatives but died in the Senate committee.

The members volunteered their services and specified the hours for which they will serve. Two visitors, Harry F. Feser of Westminster, and L. D. Nutter of Weston, W. Va., were present Tuesday evening. Fred Snyder, the boy of the month, who was sponsored by Cloy I. Crouse, extended his thanks to the Rotarians. J. Ray Reindollar will sponsor the boy for the month of May. The guess package was presented by Stanley B. Stover and received by Rotarian Dunbar. Boys' and Girls' Night will be the program for the meeting next Tuesday evening.

H. Dean Stover was the guest speaker at the meeting of the Christian Endeavor society of St. Paul's Lutheran church on Sunday evening at the church. 3RD BRITISHER QUITS CABINET

London, April 25 (AP) — Prime Minister Attlee's forces and rebellious laborite left wingers made a deal Tuesday aimed at keeping the Labor government in power as long as possible and preventing a general election at this time.

In re: The School District of the Borough of Biglerville, Adams County, Pennsylvania.

Notice of Intention To Adopt Tax Resolution

The Board of School Directors of the School District of the Borough of Biglerville, Adams County, Pennsylvania, hereby gives notice of its intention to adopt a resolution on the 25th day of April, 1951, to be effective thirty days thereafter, providing for the imposing, assessing, levying and collection of a tax for general revenue purposes for the said school district, upon deeds and similar instruments which transfer and convey lands, tenements and hereditaments, or any interest therein, situate wholly or partly within the said school district, at the rate of One (\$1.00) Dollar on every One Hundred (\$100.00) Dollars, or fraction thereof, of the value of the real estate, lands, tenements, or hereditaments, or any interest therein, which is conveyed or transferred by the said deed; conferring powers on the Recorder of Deeds of Adams County, Pennsylvania, and other persons; prescribing the method and manner of collecting the tax; and providing certain exemptions and imposing penalties.

The reason which, in the judgment of the Board of School Directors of the School District of the Borough of Biglerville, Adams County, Pennsylvania, necessitates the imposing of the tax is the need to secure funds to finance the contribution of the said School District toward the rental and operation of an additional and necessary school building by the Upper Adams County School District Jt.

The amount of revenue estimated to be derived from the tax is One Thousand Seven Hundred and Thirty-eight (\$1,738.00) Dollars annually.

Notice of Intention To Adopt Tax Resolution

The Board of School Directors of the School District of the Borough of Biglerville, Adams County, Pennsylvania, hereby gives notice of its intention to adopt a resolution on the 25th day of April, 1951, to be effective thirty days thereafter, providing for the imposing, assessing, levying and collection of a tax for general revenue purposes for the said school district, upon deeds and similar instruments which transfer and convey lands, tenements and hereditaments, or any interest therein, situate wholly or partly within the said school district, at the rate of One (\$1.00) Dollar on every One Hundred (\$100.00) Dollars, or fraction thereof, of the value of the real estate, lands, tenements, or hereditaments, or any interest therein, which is conveyed or transferred by the said deed; conferring powers on the Recorder of Deeds of Adams County, Pennsylvania, and other persons; prescribing the method and

News Of Interest To Home Builders--

Picture windows are the outstanding feature of this modern, one-story, six-room house "Spring Glen" introduced today by the Home of the Week Plan Service.

The large windows, the set-back dining room at left and the gable break, over the paneled front door give the house a distinctive appearance. The vertical lines of the wrought iron handrail and the steps give height.

Three good sized bedrooms, a large living room, kitchen, dining room and bath make up the house which has over-all dimensions of 40' x 25' and a cubic footage of 18,600'. At least a 50' lot would be required.

Clapboards painted a light color, and dark trim add to the attractiveness of the house.

Spacious Living Room

The front door opens into the spacious 17' x 11 1/2' living room. The dining room is visible through an open archway at the far left end of the living room. The large picture window makes the outdoors appear as part of the room, adding to its enjoyment. On the inside wall is a doorway leading to the long hall which runs through the center of the house. This leads to a clothes closet, all three bedrooms, the bath and kitchen.

Along the inside wall of the 9'6" x 9' dining room is a built-in china cabinet which balances the chimney projection on the opposite side of the swinging door into the kitchen. There is a picture window and also another window in the dining room.

U-Shaped Kitchen

Stepping into the kitchen, you find the popular U-shaped layout. At the end of the rear arm of the U is the stove, the rest of the U being taken up with overhead cupboards and counters, which also contain cupboards and shelves. The double windows give excellent light to the sink placed beneath them and to the working area of the counters. The refrigerator is strategically placed on the inside wall near the outside door and within easy access of stove and counters. This admirably designed kitchen is indeed a wife-saver.

At the right of the kitchen is the long hall. Immediately to the left are the bathroom and a linen closet. The next door opens into the smallest of the three bedrooms. This 11' x 10'6" room has a large closet and two windows on the back wall.

Continuing down the hall, the living room is on the right. At the end of the hall is the closet and to either side are the bedrooms.

The master bedroom at the front of the house has the third of the picture windows as well as another window. A good-sized closet is located in a line with the hall closet and the closet in the back bedroom, so that there are no inconvenient jogs in either room.

Cross Ventilation

Two windows provide cross ventilation in the rear corner bedroom which is 11'6" x 10'6".

The heating system in the full cellar would be located beneath the dining room, and the remainder of cellar used for the owner's convenience.

There is ample storage space in the attic, which is ventilated by windows at opposite ends.

The arrangement of this house fulfills the popular "growing" house trend. Very little imagination or alteration of plan is required to envision this. The four rooms to the left of the door could be built first and the two bedrooms at the right when required.

Metallic Paints Cut Heat Output

If you want to save fuel during the coming winter don't paint your radiators with metallic paint, the Plumbing and Heating Industries bureau advises. Bronze paints may cut the heating effect of radiators as

much as 20 per cent

Non-metallic paints, on the other hand, will have no effect on heat output or may actually increase the efficiency of a radiator, it was found in tests carried on at the university of Illinois.

Other suggestions on fuel conservation offered by the bureau are: Don't cover the top of a radiator with cloth, books, magazines, newspapers, or other articles. Doing so will decrease the heat output. A well-constructed radiator enclosure on the other hand, will not decrease the efficiency of a radiator.

Radiators standing in a wall recess should have a backing of reflective insulation. Radiator air vents should be checked for proper operation. A steam radiator is only as good as its air vents.

News Of Building

NEW PAINT IS AVAILABLE HERE

Wall-Fix, a ready-made self-priming flat oil paint, is washable and has great hiding powers, according to Martin Redding of Redding's Supply store, 22 Baltimore street.

One coat of Wall-Fix, he says, covers practically any interior surface flawlessly. It comes ready-mixed. There is nothing to be added, and no messy mixing or tricky additions.

Wall-Fix, it is explained, gives a clear, streak-free surface that can be washed quickly and thoroughly. It dries quickly; a room can be painted in the morning and be ready for use again in the evening. It is reinforced against industrial fumes and soot.

"No longer," says Mr. Redding, "does the paint user have to be a paint shaver, too. Wall-Fix takes all the guesswork out of color with a complete selection of 23 ready-matched shades, ranging from tints to the modern deep tones. They are ready mixed, factory matched; even

the new deep tones are available." Wall-Fix is easily applied and works three ways at once. It serves as finish as well as primer and sealer.

PAINT BLISTERS

Moisture is the direct cause of blisters on painted walls and it is useless to try to remove the bluish by applying more paint. Moisture is entering the wall and the painted surface is being soaked from the back. The only way to prevent this is to locate any leaks and close them. All loose paint around the blister should be removed before repainting.

STRENGTH IN FLOORS

Sub-floors should be laid diagonally, and added bracing strength is given if the first-story diagonal direction is reversed on the floor above.

LIGHTER BREAKFAST

Flood that breakfast nook with plenty of daylight for good morning cheer. In this intimate corner an extra allotment of daylight is introduced by a panel of translucent glass block. Installed beside the entrance, it excludes the gaze of visitors but never daylight.

New Oxford

New Oxford — Bonnie Lee, a daughter of Mr. and Mrs. Oscar Gruver, Abbotstown, is recovering after sustaining painful injuries while playing last week. The little girl required the attention of a doctor.

The officers and teachers of the church school of First Lutheran church met during the week at the home of the pastor, the Rev. George E. Sheffer.

Mrs. Eugene Bean, formerly Miss Ethel Alwine, is spending an indefinite time with her parents, Mr. and Mrs. Percy E. Alwine, near here, pending developments in her husband's army career, he having been recently transferred to Louisiana from New York where the couple had been living for some time.

The Youth group of the local Catholic parish conducted a meeting during the week at the home of Mrs. Carl Rider.

The local 500 club has suspended its regular meetings until the close of the summer season, expecting to resume in late September as usual. The final meeting was this week at the home of Mrs. Edna Bittinger.

Sandra, daughter of Mr. and Mrs. Joseph Robinson, who spent most of the past year as an invalid due to an attack of rheumatic fever, is now permitted to be up for most of each day.

Mr. and Mrs. William M. Shultz, who recently moved from near East Berlin to the Pine Run property they bought from his brother, Paul R. Shultz, recently entertained a number of children and grandchildren from the York area at their new home.

Miss Ruth A. Deatrick, East Berlin R. 2, who has been teaching for several years at the Green Ridge schoolhouse near here, and who marked her fiftieth birthday April 17, was tendered a surprise party Friday afternoon by her pupils, who presented her with a large number of gifts. Miss Deatrick, who has taught for nearly a quarter century in the rural schools of the county, is the daughter of Mrs. Curtis W. Deatrick, with whom she resides, and the late Curtis W. Deatrick.

Heirs of the late Milton Wolf, who resided near New Chester, have sold his farm there to Carson Lamberson, of the Abbotstown area. Mr. Lamberson plans to move to the farm.

Mr. and Mrs. Kenneth Yohe and daughters, Sylvia and Priscilla, who have resided for some years in the Pine Run area, have moved to their new home near Abbotstown.

Baltimore, April 25 (AP) — Radio songstress Rosemary Clooney got her car back on Monday. And she's wondering if it wasn't an avid fan of hers who stole it here over the weekend. Bloomersburg, Pa., April 25 (AP) — Walter Huber, 40, of Catawissa, was killed Tuesday when his automobile left the highway, careened into a gully and rolled end over end near the Catawissa Narrows. State police said Huber was enroute home when the car left the highway. It was the third auto fatality in the Bloomersburg area in the last three days.

SIMPLE RITES ARE HELD TODAY FOR MRS. FINE

Wilkes-Barre, April 25 (AP) — Funeral services, simple in character, will be held today for Mrs. Helene Morgan Fine, wife of Pennsylvania's Governor. Burial will be in Oak Lawn cemetery in South Wilkes-Barre.

Mrs. Fine, 42, died in Philadelphia Sunday night. For the people of this community it is the second public grieving in less than a year. Only last September 33 Pennsylvania National Guardsmen from the Wilkes-Barre region were killed in a troop train wreck in Ohio.

State Offices Closed

And the mourning for the loss of the state's first lady inevitably stirred anew the memories of that tragedy and of the mass funeral services when the bodies of the soldiers were brought home.

Flags are at half-staff on public buildings here just as they are on all commonwealth buildings throughout the state. Many business places are closed.

In Harrisburg, where Mrs. Fine lived only briefly after her husband's inauguration last January 16, all state offices are closed as a mark of respect for Governor Fine.

The Legislature is in recess and both Republicans and Democrats have formed an honorary committee to come here for the funeral. Members of the State Supreme and Superior courts and the governor's cabinet also are here.

Lived At Nanticoke

Services will be conducted at the Harold Snowden funeral home in Wilkes-Barre by the Rev. Harold P. Boon, rector of St. George's Episcopal church, Nanticoke. The Rev. Burke S. Rivers, rector of St. Stephen's Episcopal church, Wilkes-Barre, will assist.

The Fines made their home at nearby Nanticoke, maintaining residence there even after moving into the executive mansion at Harrisburg.

"Dispersal" Bill Now Seems Doomed

Washington, April 25 (AP) — The administration's plan to move 45,000 government employees out of downtown Washington because of the threat of atomic attack appeared Tuesday to be shelved indefinitely.

A Senate coalition of 35 Republicans and 10 Democrats voted yesterday to send the dispersal-decentralization bill back to the public works committee for further study. Thirty-four Democrats and five Republicans opposed the move.

Opponents of the bill raised an economy cry. Many of them urged that the government start firing men given as the cause of Mrs. Fine's death.

She joined in her husband's political campaign last year. At a Philadelphia rally, she fell and suffered a head injury which was believed to have been a contributory factor in causing death.

Had Second Operation

Mrs. Fine returned to Harrisburg March 7, three weeks after the first operation. A month later she returned to the hospital for a routine checkup but then was told to remain under observation.

Last Sunday she underwent another operation. But within 24 hours, with the governor at her bedside, she died.

Born November 6, 1908, in Nanticoke, Mrs. Fine was graduated from Coughlin high school, Wilkes-Barre, and later attended Wyoming seminary near here. She and Fine were married December 5, 1939, in New York City's Church of the Transfiguration, known the world over as the "Little Church Around the Corner."

The coalition acted in the face of a warning by Senator McMahon (D-Conn.) that the vote could be "the most monstrous piece of economy in the history of this country." That could be the result, he said, if a Russian atomic attack centered on the capital should destroy "the power of this government to defend itself."

Harrisburg, April 25 (AP) — Builders would be prohibited from offering new homes for sale until they are ready for occupancy under a new House bill. The measure, submitted last night by Rep. Louis A. Amarando (D-Phila.), would impose a \$1,000 fine against builders selling new homes until fully completed.

BOOM FOR "DOUG" IS DISCOURAGED

New York, April 25 (AP)—An aide says those who insist on booming General Douglas MacArthur for the presidency had better "go home."

Maj. Gen. Courtney Whitney made the statement yesterday when asked by newsmen about a MacArthur-for-president club opened here Monday.

Whitney met with newsmen, assigned to cover the general at his hotel, the Waldorf-Astoria, while the general himself remained in his 37th-floor suite for the fourth successive day.

During the day, MacArthur had visits for Sen. Robert A. Taft (R-Ohio), publisher Henry H. Luce, and the Right Rev. Horace W. B. Donegan, Protestant Episcopal bishop of New York.

MacArthur was expected to remain in his hotel again today, but his wife and their son, Arthur, 13, planned to see the New York Yankees play the Philadelphia Athletics at Yankee stadium.

At the news conference yesterday, Whitney answered questions on the MacArthur-for-president movement.

MacArthur himself said in San Francisco last week that he did "not intend to run for any political office" and that he hoped his name "will never be used in any political way."
